

**ALTHOUGH APART,
WE ARE ALWAYS IN CONTACT
WITH THE PEOPLE WE LOVE.**

MYSOLI

NOBODY IS LEFT ALONE

MAIN FUNCTIONALITIES

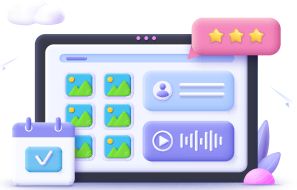

JOURNAL

In the journal, health operators can note anything about the guest: mood, daily activities, menus, and health status. As a result, relatives can have live updates without having to call the care home.

COMMUNITY

Health operators create and manage the group of relatives and families of the residents they care for in the nursing home. In the community area, relatives, guests, and friends can interact, sharing posts, photographs, videos, and comments.

GALLERY

Photographs and voice messages shared in the community area are collected in a gallery easy to use for the guest with or without the support of the health operator.

GET IN TOUCH WITH THE CARE HOME

Health operators have a direct communication channel to send instant requests and information updates to families.

KEY FEATURES

USER FRIENDLY

User experience and user interface are designed to be simple and easy to use for everyone, including elderly people. No training required.

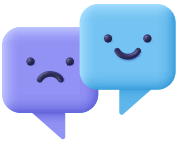

INDEPENDENT USE

The app can be used by patients both independently and with the support of a caregiver.

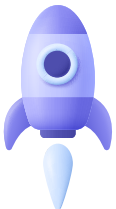

RESPECT FOR FAMILY RELATIONSHIPS

Family members can select who can see their posts and also exclude other friends and relatives using the APP.

SUPPORT IN DAILY COMMUNICATION

MYSOLI allows smooth communication between care facilities and guest's relatives.

STAND-ALONE

No interface with other information systems required for the APP.

PRIVACY

MYSOLI complies with GDPR privacy regulations.

MYSOLI APP

OVERCOMES LONELINESS AND ISOLATION OF ELDERLY PEOPLE LIVING IN CARE HOMES.

ALLOWS SMOOTH COMMUNICATION BETWEEN GUESTS' FAMILIES AND CAREGIVERS.

SUPPORTS HEALTH PROFESSIONALS IN THEIR DAILY CARING ACTIVITIES.

ENHANCES THE INVOLVEMENT OF FAMILIES IN THE DAILY LIFE OF THEIR LOVED ONES.

STRENGTHENS THE RELATIONSHIP BETWEEN FAMILIES AND PERSONNEL OF NURSING AND SENIORS' HOMES.

MYSOLI APP

helps nursing homes' guests, families, and caregivers to fulfill a physical and emotional distance, creating the opportunity for a re-shape of daily relationships.

The MYSOLI APP improves seniors' quality of life, reassures families about the well-being of their loved ones, and establishes long-distance instant communication.

WE LISTENED TO THE STORIES AND THE NEEDS OF THOSE REQUIRING ASSISTANCE.

WE INTERVIEWED HEALTHCARE PROFESSIONALS, WHO LOOK AFTER SENIORS EVERY DAY.

WE HAD CONVERSATIONS WITH FAMILY MEMBERS WHO DESERVE DIRECT AND ONGOING COMMUNICATION WITH THEIR LOVED ONES.

AND WE USED OUR TECHNOLOGICAL SKILLS TO BUILD A NEW ENVIRONMENT WHERE NOBODY IS LEFT ALONE.

MYSOLI is a project by kapusons srl

kapusons was born from its founders' passion and skills in digital communication and ICT. With more than 20 years of experience in software development and Rich Internet Application with a focus on UX/UI design, kapusons develops unique solutions based on customization, performance, and creativity.
